

### Project Update: Final Concept Masterplan Complete

*Redevelopment of this Precinct is being actioned as a priority major project*

### Steps so far

The development of an Integrated Community, Sport and Leisure Precinct within the Town at the East Fremantle Oval precinct will provide significant economic, social and health benefits.

Phase 1, **Visioning**, was undertaken in 2018-2019.

Phase 2, a **Business Plan** was developed in early 2020. This included a high-level Concept Design to support the Town's liaison with potential funding bodies.

Phase 3, **Concept Design**. Following the appointment of a Multidisciplinary Design Team (MDT), the high-level Concept Design was further refined and released for community review. 23 public submissions were received. The ideas and observations were considered by the MDT in order that a **Concept Masterplan** (see below) be prepared.

### Phase 3 Complete

The MDT have now developed the **EFO Redevelopment Concept Masterplan** following review of community input. The community are invited to view the **Masterplan** at one of two presentations on **Wednesday 9 December 2020** at the East Fremantle Town Hall:

Session 1: 3.30pm | Session 2: 6.30pm

There will be time following each session to ask the MDT questions.

Please register on our website [eastfremantle.wa.gov.au](http://eastfremantle.wa.gov.au) (click Community and select Current Consultations) or call **9339 9339**.

Council continue to be mindful of the significance of the project and its importance to the community. The next step will be the preparation of the **Building and Precinct Final Schematic Design**.
