I'm Daniel Copson, 34 years old, and I've spent the past two wonderful years in this community, alongside my beautiful wife.

I work as a Planner at Mineral Resources, managing multiple projects and sites. I'm an electrician by trade - down to earth, friendly and practical. I like to get the job done, but I'm also a firm believer in enjoying life and what you do. Being an electrician gave me insight into small business and I am passionate about providing opportunities to local businesses.

I'm a strong mental health advocate, committed to fostering an environment that prioritises the wellbeing of every resident. This community is not just a place to live; it's a place to thrive, to connect, and to make a difference.

I will bring unwavering dedication, a strong background in project management, and a genuine desire to amplify the voices of our community. With your support, let's embark on this journey together, shaping the future of East Fremantle into a place we're all proud to call home.
