## O'NEILL, Jim

I am seeking re-election as Mayor. A position I have been privileged to hold for a total of 14 years. Suzanne and I have lived here for 36 years and our 4 daughters attended Richmond Primary. I preside over a cohesive and committed Council and will ensure that sensible development has the community as its focus and is balanced by preservation of open space, heritage and measures to address traffic and parking impacts. I will continue to address climate change by practical environmental policies, tree planting and recycling. Our Swan River will continue to be a focus, together with support for the elderly, youth facilities, parks, playgrounds, cycleways and footpaths. Communication and community input will continue to be improved as well as supporting our community groups like the Glyde-In.
