HARRINGTON, Jennifer

I have lived in East Fremantle for 35 years; I am married and have raised three children here.

My community involvement includes time as President of the Richmond Primary School P&C and as a Councillor for the past 10 years.

My experience includes owning a successful business and serving on various boards. Together with my knowledge of Local Government protocols, I feel well equipped to be a Councillor.

My priorities are issues important to Plympton residents, particularly planned developments, traffic management and parking. Similarly I will take a strong interest in the Oval redevelopment and other issues affecting our Town.

I have a balanced, firm and caring disposition. While only 1 voice on Council, I'm keen to work with you and up to the task and will be there for Plympton residents.
