Nominating for	Councillor for Plympton Ward
Election Type	Ordinary

WILSON, Mark

Hi, I'm Mark Wilson and I am nominating for the Plympton ward councillor position in the upcoming election. As a resident of the ward I feel as though it's important to have a representative that is a member of the local community that is keen to understand the concerns and ideas that local residents have for this unique area of East Fremantle. I moved into George St in 2007 and since then have married, bought a house and raised my 3 young daughters in what is truly a local community. I have a background in engineering and project management and I feel that my ability to follow process, plan and organise teams brings a skill set that the current council could benefit from. I will bring a mindset for ensuring that the legacy that we create takes into consideration the needs of our youth.
