Nominating for	<b>Councillor for Preston Point Ward</b>
Election Type	<b>Ordinary</b>

---

## MASCARO, Laura

Born and raised in East Fremantle, I am excited to represent a ward I have called home my whole life.

I have a background in architectural drafting, building design and medical science. I proudly support the arts.

My four children and I regularly enjoy the many parks in East Fremantle. I am passionate about the improvement of our pathways, riverside public spaces and parklands

I will advocate for the revitalisation of Gourley Park as a disability-friendly, accessible and inclusive playground. It would be the first in the area.

My understanding of planning and building codes lends my support to sustainable development with sensible building height control, especially in regard to the Leeuwin Barracks development.

I will fiercely protect the Preston Point Ward's natural beauty and our river.
