## **WHITE, Andrew**

I am a proud resident of Woodside Ward. I have previously served on the Council and believe that I have the proven ability, experience and capacity to successfully serve the Town and all of its residents.

Apart from my prior Council experience, I have had extensive business and commercial experience locally, nationally and internationally. If elected I will bring my skills to Council and will add relevant and unique capacity to assist our Council to guiding the Town into the future.

I have particular interest in seeing the Town be successful in the implementation of the East Fremantle Oval redevelopment, progress on keeping our footpaths, streetscapes and roads to a high standard, and keeping the finances of our Town managed diligently to ensure that the residents services are optimised.
